SUMMARY

Java Developer with three years of experience in building scalable, high-quality applications. My expertise includes Core Java, Java EE, Hibernate, and RESTful web services. I have a proven track record in backend development and a strong commitment to writing efficient, clean code. With a collaborative mindset and keen attention to detail, I thrive in team environments and am always eager to take on new challenges.

SKILLS

Core Java, Swing Apps, J2ee, Struts 2, Spring Boot and Hibernate Frame.

MY SQL 5.7 and SQL Server 2005 & 2008.

Apache tomcat.

JavaScript, HTML and HTML5, CSS, Ajax, jQuery.

EXPERIENCE

Integra Global Solution - Coimbatore

Mar 2022 - Jul 2025

A technology company specializing in software solutions,

- Developed and maintained a comprehensive accounting application supporting core financial functions.
- Designed and implemented robust backend features using Java and the Struts2 framework.
- Built dynamic user interfaces with HTML, CSS, and Bootstrap.
- Created a rule-configuration module for automated transaction categorization.
- Developed a bot utilization reporting dashboard.
- Scheduled automated bot triggers using cron jobs.
- Successfully integrated the Integra Balance and Integra Automation Management System modules.
- Collaborated with cross-functional teams, including QA and UI/UX.
- Followed Agile (Scrum) practices, actively participating in sprint planning, daily stand-ups, and retrospectives.
- Automated build, test, and deployment processes by setting up a CI/CD pipeline with GitHub Actions.

EDUCATION

Aug 2016 - May 2020

Rathinam Technical Campus, Coimbatore With CGPA : 6.89 %

Pre University Course

Jun 2015 - May 2016

Government Higher Secondary School, Coimbatore With 73 percentage.

Secondary Schooling

Jun 2013 - May 2014

Government Higher Secondary School, Coimbatore With 86 percentage.

KEY ACHIEVEMENTS

Enhanced Application Speed :

- Reduced application load time by 30% with code optimization.

Boosted User Engagement :

- Collaborated on project increasing user retention by 25%.

PROJECTS

Project # 1:

Title : IAMS (Integra Automation Management System)
Tech Stack : Java, Struts 2.0, Maven Project, Hibernate , MySQL 8.1 and AWS Server
Tools : Eclipse IDE and MySQL Work Bench 8.0
Client : Software As A Service (SaaS)
Location : Coimbatore

Project Objective :

IAMS is different from other accounting software as it maintains end to end accounting process Different Accounting platform we handled like QBO,QBD and Xero with single page dashboard,

- Storing Client information (like Direct, Bookkeeping/CPA). Entering source information receiving from clients with different modes types, doc types and filtration in dashboard.
- On boarding CPA's we allocated individual login credential for the own clients Process live Review and Reconciliation dynamically and Manually trigger.
- Import Transaction for Client directly import Bank or CC Statement in the portal to Extract Data to displayed.
- Checks for Client directly import Check Images or statement to Extract Data to display ignore Transaction to matching Check No and Amount.
- Sale, Purchase Invoice Process and Journal Entry Process we developed.

Project # 2:

Title : Online Movie Ticket Booking System
Tech Stack : Core Java, Spring Boot, Hibernate, MySQL
Tools : Eclipse IDE , MySQL Work Bench 8.0 and Spring Initializer
Project Type : Web Application
Location : Coimbatore

Project Objective :

- User Convenience: Enable users to browse movies, showtimes, and book tickets anytime and anywhere through a user-friendly interface.
- Real-time Seat Selection: Provide real-time availability of seats with the ability to select specific seats during booking.
- Admin Management: Allow administrators to manage movies, showtimes, theaters, pricing, and view booking statistics.
- Booking Confirmation & Notifications: Send automated booking confirmations and reminders via notifications popup.
- Reduce Manual Work: Automate ticket sales and record-keeping to minimize manual effort for theater staff

INTERESTS

- Reading technical books and non technical literature to broaden knowledge and inspire creativity.
- Engaging in problem-solving activities such as Sudoku, chess, and puzzle games.

CERTIFICATION COURSES

Java Full Stack Developer
Cmsicclass Training institute, Coimbatore.

Jun 2021 - Jan 2022
